

Solidarity Non Citizen Infobus Greece

For going 2 weeks with an info bus for migrants to Greece, we still need donations!

We are a group of 13 people from different countries, almost all living in Germany. We speak a lot of different languages, e.g. Arabic, English, Farsi, Dari, French, German, Kurdish, Pashto, Urdu, and Turkish. Most of us met during the self-organized refugee struggles in Bavaria, or in other anti-racist contexts. Most members of our collective came to Germany as migrants from Non-Western countries.

All members of our collective believe in freedom of movement for everybody and the right to choose to go where people want, whenever they want. We believe that for this to become true, it is necessary to provide reliable and trustworthy information for migrants: About their journey to and through Europe, and on the asylum system in EU member states.

That's why we are planning to travel through Greece with an infobus for two weeks, from the 24th of March to the 8th of April. The info bus aims at meeting people on the ground, in order to provide them with information through leaflets in different languages. We will also have info panels on the bus, displaying maps and legal advices about Greece, the destination and transit countries. Most of us have also experienced the situation of coming to Germany as a refugee and are able to share this with people who aim at going there.

For this we need your financial support! Especially to be able to pay for travelling from Germany to Greece, the printing costs, gas and renting costs for the bus we are dependend on your help. Furthermore, we would like to have a generator with us to be able to offer a charging hub for peoples mobile phones.

If you have some spare money that you can donate to us, you can transfer it to the following account, that we can use. It is also possible to get a donation receipt.
