

We introduce ourselves

„**Durchblick**“ is a project by the Flüchtlingsrat Niedersachsen e.V. (Refugee Council Lower Saxony) for young unaccompanied refugees in Germany.

With our information and advice we would like to provide you with support and orientation in Germany.

We provide you advise regarding the asylum procedure, the right of residence and youth care. We inform you about your rights and support you with creating a perspective in Germany.

This project is co-financed by:

You came as a minor **without your parents** to Germany? What are your **rights**?

You want to know how the **asylum procedure** and the **hearing** works and what is important about it?

Which **possibilities** and **options** are there – beside the asylum – to stay in Germany?

You are doing an **apprenticeship** and want to talk about your **prospects**?

You are **18** years old and the youth care finished. How to continue?

You want to take part in a **workshop** with other youngsters or you even want to **co-organize** it?
