

Talk to Bürger*innenAsyl

With the initiative „Bürger*innenAsyl Wendland/Altmark“

For those in need of safe spaces and those who want to offer one

When: 04.12.2018, 7pm

Where: SubstAnZ Frankenstraße 25a, Osnabrück

People are being deported on a daily basis. The highly praised „Willkommenskultur“ in Germany is being substituted by inhumane and cynical migration- and deportation-policies. Refugees are criminalized, left to die on the refugee routes and asylum seekers are being deported. But there is resistance to these practices.

The so called “Bürger*innenAsyl” (citizen asylum) can be seen as a solidary answer to inhumane deportations. Through civil disobedience, offering private homes, parts of the civil society fight against the forcedly return of refugees into detention, persecution or war. **The “Bürger*innenAsyl” is therefore a symbolic and practical opposition to the prevalent politics of isolation and deportation against asylum seekers.**

We, NoLager and Solidarity City Osnabrück, invited the **initiative Bürger*innenAsyl Wendland/Altmark**. They live solidarity and organize safe spaces for people who are under threat of deportation. They will explain and present on the concept of “Bürger*innenAsyl” and share their experience with us.

This event is open for those in need of safe spaces as well as for those who want to offer safe spaces. There will be the opportunity to network and getting in contact with each other.

Come around and bring your friends!
