

Ways to stay

Inform. Advice. Stay.

The Flüchtlingsrat Niedersachsen e.V., the district of Göttingen, and the counseling centers in the city and district of Göttingen have launched a joint model project called "Wege ins Bleiberecht" (ways to stay). In this project, counseling is offered on the „Chancenaufenthaltsrecht“ and other rights of residence. You could be one of the eligible beneficiaries of this project.

Have you been living in Germany since 31.10.2017 or even longer, but still obtain a „Duldung“?

Then you could now get a residence permit. You could also receive this residence permit if you come from a so-called "safe country of origin" and were previously banned from working.

Have you only been living in Germany for three years, but you are younger than 27 years and hold a „Duldung“? In this case, you could also get a residence permit - for example, if you attend school or do an apprenticeship.

The contact and advice centers in the city and district of Göttingen listed below will be happy to inform you about this and support you in this process.

Please bring this flyer when you visit us at one of the counseling centers or say the keyword "Wege ins Bleiberecht". We are looking forward to meeting you!
